

Keep troublesome weeds from popping up this time of year by applying **Hi-Yield Weed & Grass Stopper** some time during the first two weeks of December. It will prevent such nuisances as poa annua and henbit from sprouting after those little warm spells we always seem to have in mid-winter. If some weeds have crept in to your lawn anyway, don't worry! **ferti-lome Weed Free Zone** spray works well in cooler temperatures and it will kill a wide variety

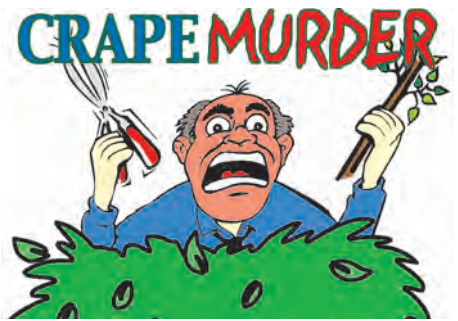

of weeds. Remember that a **Green Thumb Nursery Lawn Care Club membership** would make a great present, and for those of you unhappy with the current spray service that you have, now would be a great time to switch. Come on in and let us tell you all about our incredibly simple do-it-yourself program

LAWN CARE REMINDERS

TO PREVENT WEED PROBLEMS: **Hi-Yield Weed & Grass Stopper**
 TO TREAT ESTABLISHED WEEDS: **ferti-lome Weed Free Zone**

Our customers may borrow a spreader for 24 hours, free of charge.

Want to know how to prune everything correctly?
Attend our Free Pruning Demo Saturday, Jan. 28th, at 10:00!
 We will cover how to prune your **Crape Myrtles** and other trees and shrubs properly, as well as tell you the right time of year to be trimming which kind of plant .

Cat and Dog Balance

So cute, they'll make your head "spin"!
 We have a great selection of Garden Balances and other unusual decorative accent pieces such as Flower Aquariums and Pansy Rings in stock for dressing up your own home or to give away as gifts! Hurry in to get the very best pick!

Control the Critters that are driving you crazy with our expanded line of organic repellants from the makers of Deer Stopper! In addition to Deer, there are Cat, Dog, Squirrel, and Mole & Vole Repellants that are quite pleasant to the human nose, but smell bad to which ever animal you are trying to discourage in your yard!

Winter Warmth for your Backyard Birds!

Appealing to a wide variety of your feathered friends, Cole's Hot Meats sunflower seeds are treated with Habanero chile oil, which birds don't mind at all. Squirrels, however, can't stand it, and will not eat them! **As a treat for you, our Hot Meats seed is now 20% off thru the end of January!!**

Spring Bulbs at WarmHorn Gardens

Get 'em in the ground now!
 Soil temperatures are finally cool enough for you to plant your spring flowering Bulbs! We still have lots of gorgeous Daffodils and Narcissus and Iris, and even some summer bloomers such as fragrant Stargazer Lilies and Lycoris, or Surprise Lily, with its spidery flowers in both the common red and in a most unusual yellow.

Completely Camellias

Nothing says a southern winter garden quite like a Camellia, and we've got a huge selection of these beautiful evergreen shrubs to choose from right now! Site them in a spot with well-drained soil and a little afternoon shade, and they will reward you with colorful blooms in fall and winter for years and years to come!
All Camellias are now 10% off through the end of December! What a great gift to give yourself!

Cute Watering Can planter filled with seasonal color

Thanks again for another great year!

And don't forget that we are now in the peak time to plant trees and shrubs in our area. Getting them installed while it's cooler will let the plants establish their roots without heat stress, and you'll have to spend less time keeping them properly watered. Speaking of planting, how about using a living Christmas tree this year? We've got several varieties of shrubs with the cone shape that is traditional, or if you wish you could just use any tree or shrub you would want to add to your landscape anyway. It's a win-win because you add value to your landscape while keeping a dead cut tree out of the landfill! We still have a good selection of color for your beds and pots as well, including bright Pansies, Snapdragons, and Violas, and foliage plants like Kale, Mustard and Chard. Now's the time to apply **Hi-Yield Weed & Grass Stopper** to your lawn to prevent weeds, and it's also time to get your spring bulbs planted. Come visit us at Green Thumb soon and let us help you with all your gardening and gifting needs.

Speaking of gifts, we've got lots of unique items in stock that will make great presents for everyone on your list, not just the folks who garden. We carry a wide variety of Wind Chimes, Bird Baths, and Bird Feeders, and we also have the area's widest selection of cast stone Pots, Statuary, and Plaques. We carry lovely one of a kind pieces like our hand blown glass Windowsill Birds or carved and stained Gourd Ornaments that are perfect stocking stuffer

gifts. We've also got the collegiate series of Daily Devotional books that are perfect for fans of any age, as well as beautiful pierced metal angel candle holders and ornaments to give or to keep for yourself! Remember that for last minute shopping Green Thumb Nursery also offers gift certificates in any amount, and for large items, we can even deliver!

Receive a free Gourd Ornament with the purchase of any of our Corinthian Bell Wind Chimes. Offer good thru 12/24/11.

Protect those investments!

No, not your stocks and bonds, your plants! Your landscaping does affect your property value, so be sure to water before a freeze, and cover vulnerable plants with Frost Gard or with a Guard & Fleece bag to reduce the burn that is caused by dehydration in cold and windy weather. They will insulate your plants while allowing excess heat to escape, which plastic bags do not do.

Conspicuous Consumers!

Pansies and other cool season color have to be coaxed to produce their best blooms in shorter daylight situations, so feed them regularly with **ferti-lome Premium Bedding Plant Food** and **Blooming & Rooting** fertilizers to give them the energy they need to keep their flowers forming!

For a little extra holiday cheer in the house, don't forget colorful Christmas Cactus and Poinsettias! We also have pretty Rosemary and Ivy Topiaries to add festive fun to your entrance foyer or dining table. They make great hostess gifts to give away, as well!
